

THE COALITION OF LABOR,  
AGRICULTURE, AND BUSINESS

# COLAB

San Luis Obispo County

# SOUTH COUNTY MIXER 2014

## Guest Speaker

**Supervisor  
Debbie Arnold**

Join us and hear Fifth District Supervisor Debbie Arnold's front line insights about her efforts to stop the Board of Supervisors majority's reenergized assault on business and private property. A key element of this plan is to prohibit development of single family freestanding homes with a yard, garage, and privacy. A companion policy is to force all development into the core of Nipomo, Oceano Templeton, and San Miguel. Other Current initiatives include manipulation of the housing market; imposing centralized one size fits all control over neighborhood and agricultural water resources, more consolidated power for Board Chairman Gibson, more fees at the Planning Department and APCD, and more job killing permitting delays and costs.
